TECHNICAL SPECIFICATION OF GLODOOR AQUA

- As the Brand Name itself suggest , these are 100% Waterproof Doors which are specially made for use in Wet areas like Toilet & Bathroom
- These Doors are available in 2 different Varieties namely -
Moulded Series & Plain Series (both with Woodgrains Textured on it surface to give Real Wood look)
- These doors are made from Imported ABS Sheets (the most superior quality of Plastic) used for making Car Dash Boards , Helmets , Branded Suitcase , etc. Both the Surface of these Doors are covered with ABS
- The Filler Material inside is High Density EVA Foam which is Petroleum Product used in making Sleepers (Footwears) , Car & Scooters Mud Flap , etc.
- Available in different Classy Designs in many Wooden Shades which matches your Interior giving rich look to the most neglected area of house too i.e. Bathroom thus increasing the beauty of your home
- Available in many different Standard Sizes like 78" x 27" , 78" x 30" , 82" x 27" , 82" x 30" , 82" x 32" , 85" x 33" & 85" x 36" with Thickness : 31 mm and is 100% Solid from inside . Special Sizes are also available on request
- For detail information about the Sizes of the Panel Designs, please have a lookover the Line Drawing Layout given both on our Webiste (at the Bottom of Glodoor Aqua Page) and also in our Catalogue
- The most superior advantage of these Doors is, being 100% Solid from inside it can be easily cutted both vertically & horizontally with the help of Plywood Cutting Machine upto a Minimum Size of 64" x 21" in equal proportionate from all the four sides
- After Customization , one must Paste the Edge Bending Strips supplied alongwith Doors with the help of SR 998 (Rubber Adhesive) . For detail information and guidance about its fitting you may visit our website : www.prathamwoods.com where you may see the Demonstration Video (Demo Film) of How to Install Glodoor Aqua at the bottom Left hand side Page of Glodoor Aqua orelse you may also download the same from Youtube with Key Word / Search Words " **Glodoor Aqua** "
- These are Ready to Use Doors with Real Wood Textured on its Surface giving a grip that is as good as Wooden Doors even though these are Light Weight Doors
- Packing : 01 Box Contains 3 Doors , so Order should be placed in the multiples of 3
